- Easy installation
- Hardware included
- Excellent as safety mirrors in preventing industrial intersection accidents

Provide your employees with Fork Lift safety mirrors. Reduce blind spots in tight loading areas. Convex or Dome models available.

Model No	Description	Dia
FL-CV-08	Convex Acrylic Forklift Mirror	8"
FL-DM-08	Dome Acrylic Forklift Mirror	8"

High quality mirrors with shatterproof acrylic lenses.

Provide your employees with Forklift safety mirrors. Reduce blind spots in tight loading areas. Convex and Dome models available. Mirrors are lightweight, fade-proof and virtually unbreakable with top-quality silvering and near-perfect convexing which affords the widest angle of vision.

Lighter and brighter than glass. Each mirror individually packaged, complete with ball swivel and adjustable chrome-plated mounting bracket. Single mounting bracket provided.

Convex Mirrors are a retail store's first line of defence against shoplifting and pilferage. Each increases aisle visibility and eliminates blind spots.

Also excellent as safety mirrors in preventing industrial intersection accidents.

Key Features:

- **Virtually unbreakable**
The potential danger and liability of having treacherous glass overhead is eliminated.
- **20% Brighter**
Special mirroring techniques provide a 20% brighter image than glass.
- **Less Distortion**
Special forming techniques provide an optical image that is superior to glass.
- **Longer Lasting**
Made from high quality Acrylic and will not discolour over time as glass frequently does.
- **Lighter Weight**
As Acrylic is much lighter than glass, it is easier to handle and install.
- **Economical**
Less expensive and eliminates the high cost of replacing broken glass mirrors.
